

AVAYA 9608 & 9611G IP DESKPHONE INSTRUCTIONS

9608 & 9611G IP PHONE OVERVIEW

MESSAGE WAITING INDICATOR	If there are new messages in your Voice Mailbox, the light on the top right corner of your telephone will be lit solid red. In addition, the Message button will also be lit. The lights will turn off once you have listened to your new messages.
PHONE DISPLAY	The display contains the following information: <ul style="list-style-type: none"> • The top line shows your extension number as well as the date and the time. • If you have missed calls, the left hand side of the top line will display the missed call icon and the number of calls you have missed. Your HISTORY button will also be lit. • The Prompt Line will display prompts to help you navigate through extra features on your telephone. • The Line button area alternates between the extension lines you use to place and receive calls and the features that are programmed on your telephone. • The line buttons include LED lights which will show a green light when a line or feature is active. • The bottom of the display screen is the softkey area. When the phone is idle, you will see at minimum a <i>Redial</i> option. While on a call, the softkey features will include: <i>Hold</i>, <i>Conf</i>, <i>Transfer</i>, and <i>End Call</i>
NAVIGATION ARROWS and the OK BUTTON	<u>Up and Down Navigation Arrows:</u> Use the Up and Down Navigation arrows to move from one line or page to another. <u>Right and Left Navigation Arrows:</u> Use the Right and Left Navigation arrows to navigate between feature menus and screens. <u>OK Button:</u> Press the OK button for a shortcut to an action. For example, when you select a history entry, OK will dial the number for you.
PHONE BUTTON	Use the Phone button to navigate back to the main phone screen. This may have been referred to as the Exit or Phone/Exit button on your previous phone.
MESSAGE BUTTON	Press the MESSAGE button to connect directly to the voice mail system. You will be prompted to enter your security code to access your mailbox.
CONTACTS	Press CONTACTS to view the entries in your Contacts list.
HISTORY	Press HISTORY to view the log of all your calls.
HOME	Press HOME to configure your phone's Options and Settings.
HEADSET	Press HEADSET to use the headset, if one is connected (only HIS headset cords are compatible with the 9608 and 9611G phones).
SPEAKER	Press SPEAKER to use the two-way speakerphone. To take a call off speakerphone, lift the handset.
VOLUME BUTTON	Press the VOLUME button to adjust the volume of the handset, headset, speaker, or ringer.
MUTE BUTTON	Press the MUTE button so the other party cannot hear you. The MUTE button will be lit when your call is muted. To reinstate two-way conversation, press the MUTE button again. The light will clear.

USING YOUR PHONE

CONTACTS

The telephone allows you to store up to 250 names and up to 6 different telephone numbers per name.

Adding a New Contact

1. Press the **CONTACTS** button
2. Press the *New* softkey
3. Use the down Navigation Arrows to scroll through the appropriate fields
4. Use your dial pad to enter alpha-numeric text within each field
5. When finished, press the *Save* softkey or the **OK** button

Example: Pressing the “2” on your dial pad displays the letter “A.” Pressing the “2” key again replaces the “A” with a “B,” pressing it again replaces the “B” with a “C” and pressing it again replaces the “C” with a “2.” Pressing it again re-displays the letter “A,” and so on. Pause before entering the next character if the characters are on the same key. If you want to remove a letter, number, space, or symbol that is in the middle of the text you entered, use the left and right navigation arrows to place your cursor after the character you want to remove. Once your cursor is in the correct position, press *Bksp* to remove the character to the left of the cursor.

- Press the softkeys below *More >Abc* to change between upper and lower case letters or to enter numbers
- Press the softkeys below *More >Symbols* to enter characters that are not on your dial pad
