

Statistics for University hospital system integration with central Microsoft AD and Azure AD

Total submissions: 16

* Calculated using numeric values

Multiple choice - one answer (button) <i>Question</i> The university hospital system has its own Active Directory domain or domains, which it provisions and supports?				Response statistics*	
				Mean	1.25
				Median	1.00
				Mode	1
				Min/Max	1/2
				Standard deviation	0.45
Total responses (N): 16 Did not respond: 0					
<i>Numeric value</i>	<i>Answer</i>	<i>Frequency</i>	<i>Percentage</i>		
1	Yes	12	75.00%		
2	No	4	25.00%		

Multiple choice - multiple answers (check) <i>Question</i> The university hospital system's Active Directory trusts the following other Active Directories: (Note: to trust another AD means you allow their user accounts to be used to authenticate in your AD. In other words, some resources in your AD can be accessed by some user accounts in the trusted AD.)				Response statistics*	
				Mean	3.23
				Median	5.00
				Mode	5
				Min/Max	1/5
				Standard deviation	2.01
Total responses (N): 12 Did not respond: 0					
<i>Numeric value</i>	<i>Answer</i>	<i>Frequency</i>	<i>Percentage</i>		
1	A central AD which may or may not have delegated administration	5	41.67%		
2	Other health or medical organization AD domains	1	8.33%		
3	A departmental School of Medicine AD domain	0	0.00%		
4	A Student Hall Health AD domain	0	0.00%		
5	No other AD is trusted	7	58.33%		

Multiple choice - multiple answers (check) <i>Question</i> The university hospital system's Active Directory is trusted by the following other Active Directories: (Note: to be trusted by another AD means they allow your user accounts to be used to authenticate in their AD. In other words, some resources in these other AD domains can be accessed by some user accounts in your AD)				Response statistics*	
				Mean	3.13
				Median	3.00
				Mode	5
				Min/Max	1/5
				Standard deviation	1.77
Total responses (N): 12 Did not respond: 0					
<i>Numeric value</i>	<i>Answer</i>	<i>Frequency</i>	<i>Percentage</i>		
1	A central AD which may or may not have delegated administration	4	33.33%		
2	Other health or medical organization AD domains	3	25.00%		
3	A departmental School of Medicine AD domain	1	8.33%		
4	A Student Hall Health AD domain	1	8.33%		
5	No other AD trusts our university hospital AD	6	50.00%		

Multiple choice - one answer (button) Question				Response statistics*	
Azure AD is Microsoft's cloud-based identity platform. If you have Office 365, you have Azure AD. The university hospital system is using Azure AD?				Mean	1.12
				Median	1.00
				Mode	1
				Min/Max	1/2
				Standard deviation	0.34
Total responses (N): 16 Did not respond: 0					
Numeric value	Answer	Frequency	Percentage		
1	Yes	14	87.50%		
2	No	2	12.50%		

Multiple choice - one answer (button) Question				Response statistics*	
Our university hospital system Azure AD topology is:				Mean	1.57
				Median	1.00
				Mode	1
				Min/Max	1/5
				Standard deviation	1.09
Total responses (N): 14 Did not respond: 0					
Numeric value	Answer	Frequency	Percentage		
1	Single forest, single Azure AD tenant	9	64.29%		
2	Multiple forests, single Azure AD tenant	4	28.57%		
3	Multiple forests, multiple Azure AD tenants	0	0.00%		
4	Single forest, multiple Azure AD tenants	0	0.00%		
5	Something else; I'll explain on the last question	1	7.14%		

Multiple choice - multiple answers (check) Question				Response statistics*	
Who administrates your primary university hospital system Azure AD tenant?				Mean	1.57
				Median	2.00
				Mode	2
				Min/Max	1/2
				Standard deviation	0.51
Total responses (N): 14 Did not respond: 0					
Numeric value	Answer	Frequency	Percentage		
1	The university hospital system IT	6	42.86%		
2	The central university IT	8	57.14%		
3	Outsourced	0	0.00%		
4	We use Administrative Units & delegation	0	0.00%		
5	Administration is effectively delegated via our identity management systems that feed Azure AD	0	0.00%		

Long response Question	Statistics are not calculated for this question type.
If you selected multiple items in the previous question, please explain briefly.	
Total responses (N): 1 Did not respond: 13	

Multiple choice - one answer (button) Question				Response statistics*	
Our university hospital Azure AD tenant has the following primary authentication architecture:				Mean	1.36
				Median	1.00
				Mode	1
				Min/Max	1/3
				Standard deviation	0.74
Total responses (N): 14 Did not respond: 0					
Numeric value	Answer	Frequency	Percentage		
1	Federated authentication	11	78.57%		
2	Password hash sync	1	7.14%		
3	Passthru authentication	2	14.29%		
4	Cloud only credentials (password, PIN, MFA, etc)	0	0.00%		

Multiple choice - multiple answers (check) Question				Response statistics*	
Our university hospital system uses Azure AD B2B (external users):				Mean	3.47
				Median	4.00
				Mode	1
				Min/Max	1/6
				Standard deviation	2.33
Total responses (N): 14 Did not respond: 0					
Numeric value	Answer	Frequency	Percentage		
1	Never	6	42.86%		
2	For hospital partners	1	7.14%		
3	For some users in our other university Azure AD tenants	0	0.00%		
4	For all users in our central university Azure AD tenant	1	7.14%		
5	We have an identity management system which controls B2B users	2	14.29%		
6	I don't know	5	35.71%		

Multiple choice - multiple answers (check) Question				Response statistics*	
Our university hospital system uses the following Microsoft licensing vehicles:				Mean	1.22
				Median	1.00
				Mode	1
				Min/Max	1/4
				Standard deviation	0.73
Total responses (N): 16 Did not respond: 0					
Numeric value	Answer	Frequency	Percentage		
1	A university campus agreement	16	100.00%		
2	A separate hospital/medical center agreement	1	6.25%		
3	A select agreement	0	0.00%		
4	Adhoc purchases	1	6.25%		

Long response Question	Statistics are not calculated for this question type.
Please share any additional key information which would help others to understand at a high-level how your university hospital system approaches Microsoft architecture in relation to the greater university.	
Total responses (N): 5 Did not respond: 11	

Short response
Question

Statistics are not calculated for
this question type.

If you are willing, please share your email address or
university name. This is not required, but may help us if we
need to follow-up.

Total responses (N): 11 Did not respond: 5
